

ISLAND PARK COTTAGES

Situated at the western end of Ocean Isle Beach are Island Park Cottages. This lovely community of homes, located on the “sound” side of the island, is only a short walk to the beach. Two community docks, two centrally located swimming pools, and all add up to a great vacation. Don’t miss the gorgeous sunset views from the porch of your Island Park cottage. Use the map to determine which Island Park home is the best one for your family.
